

If you feel that you are all dressed up (with advanced clinical training) **but with no place to go** (Not enough of the cases you were trained for) **I have a solution for YOU!**

And, my solution is NOT to get more clinical training!
Instead, I urge you to take advantage of my **Get Acquainted offer (first month free)** that will give you the tools you need to implement a repeatable and ever-improving sales program that could yield over \$1,000,000 in additional profits over your next 10 years in practice.

Dr. James McAnally, CEO [Big Case Marketing](#)

Please be patient, read a few pages, let me tell you about myself and about what value I can bring into your life - then decide whether you want to explore further and take advantage of the amazing [SPECIAL practice growth materials](#) I have available for you.

One BIG PROMISE from me, before we get to my INVITATION:

If you might be ready for **NEW opportunity**, you will definitely find yourself in the right place with this group of like minded doctors. If you're ready for that kind of a creative experience that'll get your entrepreneurial juices flowing like never before, then you're going to be **THRILLED** you've arrived here.... and you'll certainly say **YES** to my INVITATION.

Are you also frustrated with being a 'dental advertising victim'?

...wasting money or time and effort on image or brand advertising designed for big, dumb companies or wasting your time and energy on "ideas" from fuzzy-headed 'professors' and theorists and 'charlatans' from even within our profession who've never actually supported themselves marketing their services, who can't understand what WE do as they've never actually done any of the procedures that you and I do dailyor even worse.....so called "experts" who've never actually built a real business in the real world in which we operate.

Would you prefer straight, blunt, "gloves-off" advice solidly based on 15 years 'expensive experience' on the dental battlefield... supported by current, real life examples of what's working?...

Do you feel like you are working too hard for your living....not getting ahead fast enough?

An Introduction to Dr. James McNally's Elite Docs Strategies™

Letter:

The gloves-off, no-holds barred marketing and sales letter for Elite Dentists.

What is the Elite Docs Strategies™ Letter? It is your monthly ticket to the finest information available on Offline and Internet Dental Marketing, Internal Practice Marketing, and Dental Sales (aka Case Acceptance).

Each month, via first class priority mail, you'll receive a big package of Specialized Information that signals another month of "jumping into the ring" to TKO all the fallacies of marketing and case acceptance that get in the way of more success for you and your practice.

Once you peek inside, you'll be whacked across the forehead with the sort of information you've been hoping to get your entire professional life. I'm talking about "protein for the mind" - the kind of meat that turns your brain into the high-powered creative force it was designed to be.

Each month I will give you details of the techniques and principles I've used to go from "Regular to Highly Compensated" via the correct marketing and sales strategies in my practice. What I have to say in this letter is NOT your typical B.S. that's running rampant in our profession. Included are only the hard-hitting real facts of what works.

By the way, this is the exact same letter that the Doctors in my Elite Programs at Big Case Marketing (remember those paying anywhere from \$15,000-33,000 PER year to belong to) read every month. This is the only access dentists have to Program materials outside of those fees.

If you've ever thought that you'd like to peek under the Big Case Marketing hood, this offer is your big chance. The cost to you for the first three months is only \$63.50 billed to your credit card when you reply to this offer. You may opt out at any time. After the three months, charges will revert to the \$127 per month but by then you will definitely feel it's worth it.

Here's what you get: (Docs Outside of the USA & Canada will receive digital documents only)

Direct Response Marketing Guide for Dentists. As dentists, we were never 'trained' to understand the science of marketing or even to know what is critical to marketing that gets us the results we expect. This guide helps fill in all those foundational blanks that they forgot to tell us about in dental school

Dr. McAnally's Newest Book 'The Gloves Off Guide to The Biggest Marketing Secrets in Reconstructive Dentistry' Dentistry's new definitive guide to the 'secrets' behind dentistry's biggest cases.

Dr. McAnally's \$127,000 ICOI Implant Presentation CD. After repeated requests, this infamous and controversial presentation that shocked an association is now available for individual doctors. Dr. McAnally was barred from hosting future ICOI courses because of what he shared in this presentation. Listeners heralded it as a presentation where "finally a real clinician had the guts to say what had to be said with large complex case marketing." A "godfather" of implantology, Dr. John Hoar remarked "the best marketing and case acceptance lecture I've ever heard." Multiple doctors went away and immediately closed more cases just by having sat in the room for this landmark discussion. Now dentists worldwide are closing more cases just by having listened to the 3 CD set. Play these on your drive to the office and you'll be closing more cases too. No Big Case library is complete without this presentation!

Month #3:

The 14 Mistakes Dentists Make When Marketing Their Practices. Hindsight is 20/20 thus this report is meant to give you the hindsight to keep from making unnecessary mistakes (i.e. wasting time and money) when it comes to marketing and the mindset of the successful practice.

The UltimateHiring™Guide. Let's face it. One of the most difficult aspects of dental practice management is hiring great employees. You were probably never taught how to hire in dental school, thus, like most dentists you use unstructured hiring processes that often result in a waste of time, energy, and money. As you know, the right hire can boost your practice results and the wrong hires do nothing but waste valuable money. If you are ready to stop "stabbing in the dark" and make the right hires, Big Case Marketing can show you how with AutomaticHiring™ for Dentists. **So.....Are You Ready for Your Test Drive to Bigger Opportunities?**

Simplifying Case Presentation. This 40 minute video will give you an outline for making your case presentations more powerful and persuasive. It will get you on the road to developing a reliable and reproducible way to interact with patients when presenting big-ticket treatment plans.

There's an Ocean of Possibilities - Which Do You Choose for Success?

You can go down to the ocean of opportunities and take out your success the old-fashioned way teaspoon by teaspoon or you can go the fast-track method and haul it out of there with a super-tanker. It's up to you. Frankly, you have a choice of which route and how fast you choose more success for you, your practice, and your

family.

I call this a "test drive." Simply because, should you decide after reading, listening to, and viewing all the life-changing information in your first 3 months of the **Elite Docs Strategies™ Letter** that you don't want to be an Elite Doc, that you don't want to be a Millionaire (or multi-millionaire) Dentist - then make a choice for poverty and ignorance instead. Simply opt-out of the program. No hard feelings on this end. If you don't want a success favor, if you decide after the test drive that it isn't for you, keep the hard copy bonus materials you received. You have nothing to risk because the bonuses are worth much more than the investment.

On the other hand, if you're a person who understands what it takes to be a WINNER - then *Congratulations!* After your initial test drive ends we'll automatically send you the next month's letter. If at any time you decide the **Elite Docs Strategies™ Letter** is not for you (by the way, we deliver so much content we can't imagine this ever happening) - then let us know and we'll cancel your monthly dues. The **Elite Docs Strategies™ Letter** is for serious players only!

And now, you're faced with a similar choice. Do you want to go travel the way of the WINNER with more success? Do you want to join the other Elite Docs in the world? Or do you prefer to remain where you are right now? If your choice is to be a WINNER - then "let's rumble."

If your choice is to "hang on to what you have" - then remember the Law of Nature. Nothing stands still. You're either growing or you're dying. And you hold the key to making the choice as to which it is going to be.

Sincerely,

James
